

This is the largest LS1 high Z injector available!!

This is the standard ls1 injector

This is the Flow max 90lb High impedance with adapters

LS2 to 9 Drop in High Impedance

- The IS 2-9 can use this injector without adapters or wire connector modification
- On certain apps they will require a spacer between the rail and mount.
- Available in sizes from 52lb to 90lb at 3 bar (43.5psi)
- Voltage offsets are supplied with sizes from 65-91lbs
- Easy tuning as it is the same coil as the stock injector!
